**About PAWS San Diego**

PAWS San Diego – a program of San Diego Humane Society – provides essential pet services and support to low-income seniors, chronically ill, disabled and homeless individuals to help them keep their pets. The goal of PAWS San Diego is to help people in need so that falling into tough times does not mean having to give up your pet. The best thing we can do for pets is to keep them out of animal shelters and together with the people who love and need them.
